**DETAILED ACTION**

***Election/Restrictions***

Claims 41-53 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 7-12-04.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claim 54 rejected under 35 U.S.C. 102(e) as being clearly anticipated by Yoseloff, USPN 6,331,143.

Yoseloff is a gaming machine that is designed to be as a lottery game in jurisdictions where state run lotteries are not permitted, e.g. Nevada. The broad recitations recited in this claim are clearly anticipated by the reference.

***Allowable Subject Matter***

Claims 27-40 and 55-57 are allowed.

***Response to Arguments***

Applicant's arguments with respect to claim 54 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
